Event Description:

Electrical & Electronics Engineering Department has organized a one Day Workshop on “Role of Intellectual Property Rights in Innovations” dated 19th March, 2019 by Dr. **GORIPARTHI RAVI KUMAR** and B. Sreenivas for third and final year B. Tech Students. The programme is started with welcome note by the Principal Dr. G.Anil Kumar followed by the lecture session. During this workshop the following points were discussed: Role of Undisclosed Information in Intellectual Property, Types of Intellectual Properties and their Description, Role of Undisclosed Information in Intellectual Property, Rationale of Patent, Management of Intellectual Property in Pharmaceutical Industries

Event Description:

The primary goal of this workshop is to assess the importance of Intellectual Property Rights & the emerging issues of IPR in globalization and rapid development in Science and Technology. The workshop covered: Formation of World Intellectual Property Organization and its roles and functions i.e., IPR agreement administration, IPR Practices harmonization. . It addresses the knowledge, awareness on innovations and IPR which provides the extended awareness on IPR and its importance in Globalization

And explained the Indian scenario of Intellectual property system and the Office of the Controller General of Patents, Designs and Trademarks, Department of Industrial Policy and Promotion. This work shop is very useful to the both management and engineering faculty and students at large.

Event Description:

Interviewing process can be a prominent part of our job or a one off task but surely it can be complex and time consuming. Moreover, both the interviewee and the interviewer go through stress during this process which may not always bring about the best out of all individuals. It also requires careful planning and consideration. This program will help you devise strategies, which will eliminate many problems associated with challenging interviewing situations. It will also make the process fruitful, enjoyable and stress free.

---	--	---

Event Description:

The workshop will involve participants from representatives of the civil society and the Inter Agency Group, participants from various departments of colleges including teachers, research scholars and master degree students. The workshop will be conducted using a mixed method approach. It has been designed in such a manner to create a balance between academic and administrative approaches to understanding the crisis of Higher education in the present context and expected solutions to deal with it.

--	---	---

Event Description:

The aim of the workshop is to provide a platform for enhancing knowledge about the embedded system design with microcontrollers. The topics for the workshop include practical aspects of programming and debugging a microcontroller in real-time environment. The platforms to be used in the workshop are 8051 based microcontrollers and Arduino. It also includes basics of FPGA based designing for the beginners. We will be discussing about how to use IP-core. Chip-Scope analyzer will be discussed for debugging design. Xilinx System Generator based design and analysis will also be discussed. We will have laboratory sessions on microcontroller and FPGA during the workshop.

Event Description:

In our digital world where Sensors collect Information - Information hosted in Cloud - Cloud connects Internet of Things - Internet of Things manage Machines - Machines powered by Deep Learning - and Deep Learning driving Artificial Intelligence; we will need to adapt and thrive in a future where robots and other smart devices become integral part of societies.

The next generation geospatial application is expected to come not through a single technology, but rather from linking multiple technologies together

Details of Resource Person:

Mr Srinivas Atreya, Chief Data Scientist at RoundSqr has more than 20 years of experience working with Data & Analytics. He is currently working on problems solving in interesting business in the areas of computer vision and natural language processing with Neural Networks. Specialties: Leadership, Building High Performance Teams, Big Data, Statistical data analysis, Deep Learning, Computer Vision, Natural Language Processing. He is a visiting Faculty with Great Learning and ESCI (Engineering Staff College of India). He has done his Master of Business Administration with Information Systems as my specialization at REC Trichy.

Event Description:

Web development is a thriving industry where you can build a steady income and work from anywhere building websites for clients all over the world. Whether you are looking for a career change, or want to build yourself a side-hustle this workshop will show you step-by-step how to become a web developer. This workshop is going to cover everything that I wish I had known when I first started out -- a road map of sorts that is going to show you exactly what you need to learn, how to learn it, what a career as a web developer looks like and more.

Sir,

In accordance to subject cited above, I Mr. B. Sreenivas, Head of the Department, Electrical & Electronics Engineering, here with this letter requesting you to give a permission to organize **Two Days National Level Workshop Program On Fuzzy Based Random Pulse Width Modulation Technique For Performance Improvement of Induction Motor** during **14/Sep/2018 - 15/Sep/2018**. I also request you to provide all the needed facilities.

Thanking you.

Yours Sincerely,

B. Sreenivas

Sub: Budget proposal for Two Days National Level Workshop Program On Fuzzy Based Random Pulse Width Modulation Technique For Performance Improvement Of Induction Motor - Reg.

Sir,

Department of Electrical & Electronics Engineering is planning to organize **Two Days National Level Workshop Program On Fuzzy Based Random Pulse Width Modulation Technique For Performance Improvement Of Induction Motor** on 14/Sep/2018 - 15/Sep/2018.

BUDGET PROPOSAL

The following is the approximate expenditure for the workshop.

Sl. No.	Name of the Item	Total Cost (Rs.)
1	Workshop Titled Flex Banners	1000
2	Posters	300
3	Certificates	500
4	Workshop Kit	2000
5	Honorarium to the Guest	10000
6	Refreshments	2000
Total		15800

Thanking You,

Yours Sincerely

CIRCULAR

All the students of B.Tech. II, III year and faculty members of Electrical & Electronics Engineering are hereby informed that the department is going to organize **Two Days National Level Workshop Program On Fuzzy Based Random Pulse Width Modulation Technique For Performance Improvement Of Induction Motor** from 14/Sep/2018 to 15/Sep/2018. It is mandatory for every student to attend and actively participate in the event. The students are awarded with participation certificate.

Event Description:

Electrical & Electronics Engineering Department has organized a two Day Workshop on "Fuzzy Based Random Pulse Width Modulation Technique for Performance Improvement of induction Motor" dated 14-09-2018 to 015-09-2018 by Mr. **DR. M.** Vishnu Prasad. The third and final year B.Tech Students has participated in the workshop. Mrs. R. Divya has given a lecture series and demonstration on various PWM techniques. No of students Participants: 40

The programme is started with welcome note by the Principal Dr. B. Sridhar Reddy followed by the lecture session. The Outcomes of the programme are gained knowledge on various Pulse width modulation techniques, designing and usage of better PWM techniques for an induction motor.

Event Photograph:**Details of Resource Person:**

DR. M. Vishnu Prasad completed Doctor of Philosophy (Ph. D) in Electrical Engineering from National Institute of Technology Warangal in the year 2017. The research work is on “Simplified Weighting Factor Selection for Predictive Torque Control of Induction Motor Drive”. M. Tech in Power Electronics and Drives from SRM University Chennai in the year 2010 and secured First class with distinction. B. Tech in Electrical and Electronics Engineering from Dr. Paul Raj Engineering College, Bhadrachalam in the year 2007 and secured First class with distinction.
