Report on “VLSI E-CAD TOOLS”

Date: 26.09.2017

The Department of **Electronics & Communication Engineering** organized the program “**VLSI E-CAD TOOLS**” in the college on 25/09/2017.

Mr. G. Naresh, Assistant Professor of ECE Department conducted a training session on basics of E-CAD TOOLS for IV Year ECE branch. He has given layouts designing of simple schematic of CMOS, NMOS, and PMOS families etc.

Training Outcomes:

- Design Entry & simulation of multiplexer circuit with test bench & functional verifications.
- Generation of configuration/fuse files for 4:1 multiplexer & D flip-flop & implementation of the hardware using FPGA
- Design a schematic and simple layout for CMOS Inverter, parasitic extract.
- Synthesis, P&R simulation for Full adder, Concepts of FPGA floor plan, critical path, design gate count, I/O configuration and pin assignments.

Date: 21.02.2018

The Department of **Electronics & Communication Engineering** organized the program “**VLSI E-CAD TOOLS**” in the college on **25/09/2017**

Mr. K. Balakrishna, Training coordinator of EEE Department conducted training a Session on **Basics Electrical Simulation** for III Year EEE Branch. He has given an Introduction about **Basics Electrical Simulation**.

Course Objectives:

- To develop the simulation skills.
- To generate various signals and synthesis for the engineering systems.
- To analyze harmonics in the systems.
- To analyze electrical circuit in simulation environment.

Training Outcomes:

After going through this lab the student will be able to apply signal generation in different systems.

- Analyze networks by various techniques
- Analyze circuit responses
- Analyze bridge rectifiers

Report on “MS Office Basics”

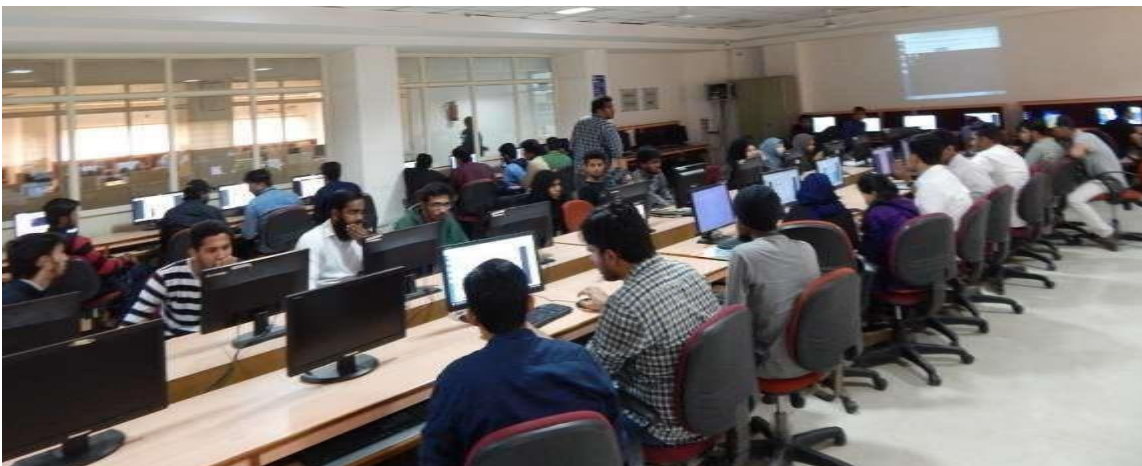

Date: 29.08.2017.

The Department of **Computer Science & Engineering** organized the program “**MS Office Basics**” in the college on 28/8/2017.

Dr. G. Raj Kumar, Associate Professor of CSE Department conducted training on basics of Microsoft Office for I Year students of all branches. He has given a brief of different functions of MS Word, MS Excel and MS Power Point Operating. The training was intended to make students aware of certain file systems of Microsoft Office.

Training Outcomes:

- Recognize when to use each of the Microsoft Office programs to create professional and academic documents.
- Use Microsoft Office programs to create personal, academic and business documents following current professional and/or industry standards.
- Apply skills and concepts for basic use of computer hardware, software, networks, and the Internet in the workplace and in future coursework as identified by the internationally accepted Internet and Computing Core (IC3) standards.
