Pongal is a multi-day Hindu harvest festival of South India, particularly in the tamil community. It is dedicated to the Hindu sun god, the surya, and corresponds to Makara Sankranti the harvest festival under many regional names celebrated throughout India. The three days of the Pongal festival are called Bhogi Pongal, Surya Pongal and Maattu Pongal.

According to tradition, the festival marks the end of winter solstice, and the start of the sun's six-month-long journey northwards (the Uttaraayanam) when the sun enters the zodiac makara(Capricorn). The festival is named after the ceremonial "Pongal", which means "to boil, overflow" and refers to the traditional dish prepared from the new harvest of rice boiled in milk with jagrry (raw sugar). To mark the festival, the pongal sweet dish is prepared, first offered to the gods and goddesses (goddess Pongal), followed sometimes with an offering to cows, and then shared by the family. Festive celebrations include decorating cows and their horns, ritual bathing and processions.

Students participated very enthusiastically and some of them won prizes. First prize was given to CSE- Manoj , he flied his kite very high than others. Second prize was given to ECE Naveen, he was next to Manoj. Third prize was given to ECE Shiva, for his design of kite. All students of SNTI participated and ended the program successfully.
