### Event Description:

Motivation is valuable because it helps the students to understand: where they are and to change their way of thinking, what increases and decreases in life, what aspects of it can and cannot be changed, and help them to answer the question of what is more beneficial in career. Motivation reflects something unique about each one of us and allows us to gain valued outcomes like improved performance, enhanced wellbeing, personal growth, or a sense of purpose. Motivation is a pathway to change our way of thinking, feeling, and behaving.

## Event Description:

Interviewing process can be a prominent part of our job or a one off task but surely it can be complex and time consuming. Moreover, both the interviewee and the interviewer go through stress during this process which may not always bring about the best out of all individuals. It also requires careful planning and consideration. This program will help you devise strategies, which will eliminate many problems associated with challenging interviewing situations. It will also make the process fruitful, enjoyable and stress free.

**Event Description:**

Intellectual Property Right (IPR) with special reference to patent plays a vital role in enhance the socio-economic prosperity of the country. One can agree that the first best Intellectual Property Right policies are not only to minimize the transaction costs and conflicts of interests but it provide incentives to invest on innovation which in turn maximize wealth of nation. Hence, it enhances motivation to dissemination scientific and technological information with in turn simulates research and development for improvement of the quality of life. In India patent applications is filled by a patent agent or individual having some scientific and technical background to understand the invention. However, no one can understand the invention better than the inventor themselves.

## REPORT

A two day workshop on “Data Science with Python” was organized by Department of Computer Science and Engineering in association with Datapoint Info solutions, Hyderabad on **23<sup>rd</sup> June 2022 to 24<sup>th</sup> June 2022**. Around **81 students** from our institution registered and participated in the workshop. Inaugural talk was given by Dr.G.Anil Kumar, Principal. The Resource persons **Mr.Khumender Sinha** and **Mr.Abhishek**, from **Datapoint Info Solutions** has given the mix of theory and practical knowledge of python & data science. Certificates were distributed to the students who participated in the workshop

### INTRODUCTION

The workshop for Data Science with Python introduces you to Python which will kickstart your learning of Python for Data Science, as well as programming in general. Data Science with Python workshop aims at taking you from zero programming in Python in a matter of hours. At the end of this workshop, participants will be able to write their own Python scripts and perform basic hands-on data analysis. Participants will be trained in such a manner that will start creating their own data science projects.

Data Science with Python workshop will enable you to learn these concepts from scratch and help you master important Python programming concepts such as data operations, file operations, object-oriented programming, and various Python libraries such as Pandas, Numpy, Matplotlib essential for Data Science. This workshop will also make you understand the different types of Machine Learning, Recommendation Systems, and many more Data Science concepts to help you get started with your Data Science career.

## WORKSHOP SCHEDULE

### **DAY-I**

- What is Data?
- Application of Data?
- Introduction To Data Science
- What is Data Science?
- Need of Data Science?
- Application of Data Science?
- Data Science Process?
- Different Roles of Data Science
- Prerequisites for Learning Data Science?
- Software Development and Data Science Process?
- What is Machine Learning?
- Application of Machine Learning?
- Tools

### **DAY-II**

- Introduction To Programming?
- Data Analysis with Python
- EDA operation with python

## A TWO DAY WORKSHOP ON

## "Data Science with Python"

in association with

June 23-24, 2022

Organized by

Department of  
Computer Science & Engineering

### SCIENT INSTITUTE OF TECHNOLOGY

(Accredited by NAAC & Affiliated to JNTUH)  
Ibrahimpatnam, R.R Dist, T.S 501506

#### ABOUT THE INSTITUTION

SCIENT Institute of Technology was established in 2001, under the aegis of SCIENT Educational Society aiming to groom the students in technical education with human values. Our Vision is to impart quality education in building Engineering and Management professionals.

We are committed to provide a positive and professional learning environment where all the students are inspired to strive for excellence in becoming competent engineers, technology innovators and leaders in global market through a cohesive network of parents, students, staff and industry.

#### ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering came into existence with the establishment of the institute in 2001 with an intake of 120. Department aims to provide students with strong conceptual foundations and also expose them to the forefront of development in the field of computing. Our goal is to give an Engineering attitude for confidence building to solve technical problems.

#### ABOUT THE PROGRAM

The main objective of this workshop is to create awareness among students building up their practical skills so that they can understand how to develop simple machine learning models in Python or even build an advanced model for detecting potential bank frauds with effective modern data science.

#### Resource persons

Mr. Khumender Sinha,

Sr Software Engineer, Datapoint

Mr. Abhishek,

Software Engineer, Datapoint

#### TOPICS TO BE COVERED

##### Day 1 : Introduction to Data Science

- INTRODUCTION TO DATASCIENCE
- NEED OF DATA SCIENCE
- APPLICATIONS OF DATASCIENCE
- ROLES OF DATA SCIENCE
- PREREQUISITES FOR LEARNING DATA SCIENCE
- SOFTWARE DEVELOPMENT & DATA SCIENCE PROCESS
- APPLICATIONS OF MACHINE LEARNING

##### Day 2 : Hands-on session

- INTRODUCTION TO PYTHON PROGRAMMING
- DATA ANALYSIS WITH PYTHON
- EDA OPERATION WITH PYTHON
- TOOLS USED FOR DATA ANALYSIS

#### ELIGIBILITY

This workshop is open to all B.Tech students of Computer Science and Engineering

#### REGISTRATION PARTICULARS

Applications in the prescribed format duly signed by the Head of the institution should reach the convenor on or before 21/06/2022. The soft copy of application (scanned copy) can also be sent to the convenor.

#### REGISTRATION FEES
