5. Governance

5.1 Grievance Redressal mechanism for faculty, staff and students

The college has grievances and redressal cell for the faculty, staff and students to address issues pertaining to facilities, teaching learning process, discrimination or any other related. There are separate cells for these wings which are headed by the principal, a senior faculty as convener and other senior faculty being the members.

These Grievance Redressal committees are formed to look in to the complaints received from the aggrieved. A Compliant Boxes are provided at Office of Principal and in the departments for students and faculty to lodge their complaints separately. The convener of the committee will consolidate the complaints received from all the students, faculty and staff. This will be presented before the committee which meets regularly depending upon the need. The committee recommends corrective measures to be taken and recorded in the register.

5.2 Establishment of Anti Ragging Committee

The institute has established Anti-Ragging Committee as per the guidelines of the Apex Bodies. The committee is recently reconstituted and approved by the Governing Body in its 37th Meeting held on 25-06-2025.

13.7 Barrier Free Built Environment for disabled and elderly persons

Barrier Free Built Environment Certified by the architect is available in the following link: [Barrier Free Environment Architect.pdf](#)

It has been felt that differently-abled persons need special arrangements in the SCIENT College premises for their mobility and independent functioning. SCIENT has architectural barrier free environment that disabled persons find easy for their day-to-day functioning. The college addresses the accessibility relevant issues as per the stipulations of the Persons with Disabilities Act 1995. All the existing infrastructure in the college is disabled-friendly and SCIENT ensures that the future construction will also be based on the principle of inclusion. The institute has special facilities such as Wheel chairs, Walkers, Lifts, Ramps, Hand Rails, Special Toilets, and other necessary changes to meet the needs of differently-abled persons.

- 1. Physical Facilities:** The classes for differently abled students are conducted on the ground floor for their convenience. Mobility devices like Wheel Chairs and Walker are made available in major buildings.
- 2. Provision for lift:** Lift facilities available.
- 3. Ramp / Rails:** Apart from stair access and lifts, SCIENT Buildings are constructed with Ramps and Hand Rails as sloped pathways used to provide access to outside buildings. Ramps provide an alternative to stairs for wheelchair users, people with mobility issues and people with prams, bicycles and other wheeled items. Adequate space is allocated for persons using mobility devices, as well as those walking with the assistance of other persons
- 4. Signage Display Boards:**
Display boards are arranged in the campus for directions.
- 5. Rest Rooms:** Rest rooms are provided with clean and hygienic conditions in every building block. The rooms are constructed in the ground floor for the convenience of the students.
- 6. Scribes for examination:**
SCIENT provides scribes for differently abled students if required during examinations. as per the JNTUH and AICTE rules of examinations.

7. Other Facilities:

- i. To cater the need of Medical Emergencies First Aid and Sick Room are made available with stretcher and bed along with doctor.
- ii. Ambulance facility is made available in the campus in case of any emergency.
- iii. SCIENT provides guidance and counselling to differently abled individuals and assist them to gain successful employment in the public as well as private sectors.
- iv. SCIENT conducts awareness programmes for faculty about the approaches to teaching, evaluation procedures, etc, which they should address in the case of differently-abled students.

13.13 Innovation Cell

Centre for Innovation and Entrepreneurship (CIE) at Scient Institute of Technology is established to promote and support technology-based entrepreneurship spirit among the graduated and graduating students of Scient. CIE. SCIENT INSTITUTE OF TECHNOLOGY wishes to facilitate the creation of ideas and inventions that benefit society.

In Incubation program at CIE, we support Innovation and Entrepreneurship aspirants with funding opportunities, mentoring support, nurturing ideas and help these aspirants to start their unique startups and entrepreneurship journey. Our virtual incubator is accessible to all the aspirants and can operate from anywhere in India. In CIE we support Early-stage startups, Mid to large-sized companies with developed ideas by identifying the challenges they are facing and provide proper guidance to get started or scale-up the initiative. Our world-class Mentorship team help our Incubated startups to brainstorm, pitch and reach the desired Goals with increased productivity and impact.

Students' assessment of Faculty, System in place

FEEDBACK ON FACULTY

Feedback on all courses will be collected through online from the students twice in a semester. The first feedback will be collected at the middle of the semester i.e., before first midterm examinations and the second will be collected at the end of the semester. During the first feedback a questionnaire consisting of 5 parameters is adopted and a 10 parameter questionnaire along with feedback on course outcomes is taken at the second feedback.

Five Parameters used to collect the Feedback at the mid of the semester:

- a. Has the Instructor clearly stated the Learning Outcomes of the course?
- b. Was the class controlled and discipline maintained?
- c. How effective are the communication skills of the Faculty?
- d. Was the Instructor enthusiastic about teaching the class and invited questions and comments from students?
- e. Has the Instructor related course material to real life situations?

Ten parameters used to collect the feedback at the end of the semester:

- a. Was the class controlled and discipline maintained.
- b. How effective were the communication skills.
- c. Was the class interactive and doubts were clarified.
- d. Encourages students to solve complex problems in the class.
- e. Makes objective and impartial evaluation of assessments.
- f. Sincerity and commitment towards academic work.
- g. Approachable after class hours for discussion and advice.

Student Participation Percentage:

On an average 90% of the students will be participating in the feedback process.

Feedback analysis Process and Corrective Measures:

The collected feedback will be analysed based on the rating given against each parameter of evaluation. Based on the final average of the feedback, corrective measures are taken by:

1. Interacting HOD with the faculty to identify the reasons for not performing well.
2. Providing further guidance in the subject by available senior faculty / other faculty who taught the same subject.
3. Deputing faculty to FDPs if required.

Faculty who get better feedback will be rewarded by giving more weightage in faculty annual self-appraisal for the consideration of the increment
